November 18, 2026

The Honorable Mike Johnson
Speaker
U.S. House of Representatives
Washington, DC 20515

The Honorable John Thune
Majority Leader
U.S. Senate
Washington, DC 20510

The Honorable Hakeem Jeffries
Minority Leader
U.S. House of Representatives
Washington, DC 20515

The Honorable Chuck Schumer
Minority Leader
U.S. Senate
Washington, DC 20510

Dear Speaker Johnson, Minority Leader Jeffries, Majority Leader Thune, and Minority Leader Schumer:

Thank you for your leadership and support of U.S. agriculture and the American families it feeds. The undersigned organizations that represent every part of America's food and fiber system, from the agricultural lenders that finance it, to the farms and forests that produce it, to the families it serves, **urge you to enact a bipartisan five-year farm bill by the end of this year that addresses needs and delivers solutions across every title.**

We are grateful for the efforts to advance a farm bill through the House and out of committee in the Senate. This work has brought us closer to passing a new bipartisan farm bill than at any point since the last bill expired in 2023. All that remains is for both chambers to resolve their outstanding differences in good faith and reach a bipartisan agreement on the farm bill that meets the needs of farmers, ranchers, rural communities and families across America.

If Congress does not act this year, farmers, American communities, and the states that implement many of the farm bill programs will be waiting even longer for the certainty and support they desperately need. They cannot afford to wait. A farm bill written in 2018 was not designed to address today's challenges. Our coalition of farmers, ranchers, growers, foresters, mariners, agribusinesses, state governments, conservationists, researchers, nutrition and charitable food organizations, agricultural and rural lenders, irrigation districts, water management agencies, industrial users, hydropower providers, and public health organizations needs the certainty and modernized programs that only a new farm bill can provide.

Your leadership in finding a path forward to passing a new bipartisan farm bill will help Americans produce food, fiber, and fuel; feed families in need; voluntarily conserve land, water, and wildlife habitat; expand trade; advance research and innovation; and sustain rural jobs and communities nationwide.

Now is the time to build on both chambers' momentum, resolve remaining differences, and

deliver a bipartisan farm bill. Everyone across America's food system, from the farm to the family table, is counting on you.

Sincerely,
